2.

**Draw a picture of when you were impatient**

*(or you freaked out about something)*

## Glossary for today

Steve said that **biblical patience** is to remain emotionally calm and restrained in the face of injustice, inconvenience and irritation. Which means to not freak out when something isn't fair, doesn't go your way or is SUPER annoying.

**Visualization** - is asking God to help you imagine your actions and words as a person that is filled with patience from Jesus.
