

# My Sermon Notes

Name: .....

Date: .....

Series Title: \_\_\_\_\_

Speaker today: \_\_\_\_\_

We're created for \_\_\_\_\_

The Bible urges us in Ephesians to make every \_\_\_\_\_ to pursue loving unity in the church

What was Microsoft Encarta?

Do you ever use Wikipedia?

## Think about it!

Another way to think about the idea that **"Everybody is greater than somebody"** is to think about team sports! Volleyball would be pretty hard if you had to serve, then run up and block something, then dash to the back corner to bump something then run back up to the front to get your ball over the net. You'd be EXHAUSTED! Church is like a team, we're all doing our part to help our community know who Jesus is and what he says.

What was the problem they were having in Acts Chapter 6?

How did they solve their problems?

Think of a way that growing and changing might cause you some problems!

Why aren't our Pastors Super Pastors?

# Learn it!

See if you can learn these parts of this bicycle. Use your hand to cover it up and see how many parts you can remember. Then choose one part you don't think is important. What does that part do? Would you take that bike out on a trip without that part?

# Colour-it!
