

My Sermon Notes

Name:

Date:

Series Title: _____

Speaker today: _____

How would you build a fire?

What is important to remember about the embers as we listen today?

What's the easiest?

The writer of Hebrews gives us 3 disciplines:

1

2

3

Bonus: the greek word episynagoge means

How many one another commands can you only do in community?

A) less than 46 B) over 29 C) over 50

What's the difference between an aggregation and a congregation?

What does consider mean?

Interesting!

A spur is a spiked wheel attached to your boots for horseback riding. If you want your horse to go faster you would dig your heel in and they'd get going!!! In the bible in Hebrews the word spur could also be provoke and the greek word means irritate - just like you would irritate the horse to go faster!

What can you do to encourage someone?

Is there anyone you miss that you would like to get together with somehow? Maybe you can think of a safe way to connect with them, ask a grown up to help you.

Colour-it!
