

My Sermon Notes

Name:

Date:

Series Title: _____

Speaker today: _____

Review

We're at the end of our series! You made it! Do you remember what each sermon was about? Write one thing you learned from each week!

1. Find Your Bearings

3. Fasting

5. Service

2. Prayer

4. Scripture

6. Hospitality

How much money do you think is enough?

Enough isn't about an _____

Enough is about your _____

Rare-Word-Alert!

Scarce - in short supply, hard to find, not enough. Scarcity just means being scarce. Toilet paper was **scarce** back in March! People went crazy at the stores because of the **scarcity** of toilet paper. Can you think of the opposite of scarce? Hint it starts with an **A** and is in this sermon!!

Pretend you have this plate of treats for you and your class! Are there enough treats? How do you feel if there aren't?

Would you have done what the widow did? Why or why not?

Bible-Math!

A tithe is a tenth or $1/10$ or 10% or even 0.10. A long time ago, not everything people earned was in money. They would give their first tenth of their harvest to the temple. Let's start easy: If you shovel a neighbour's driveway and they pay you in apples - you get 10 apples - what is your first fruit - your tithe? 1 apple goes to the storehouse!

If you get \$20 a month for your allowance what is your tithe?

If you start a paper route and make another \$86 a month, what is your tithe?

Fill-in-the-blanks!

Tithing teaches you to put

_____.

God doesn't want your _____

he wants your _____.

Tithing builds your _____.

Tithing provides for the _____
of God's church.

Colour-it-in!
