

# Little My Sermon Notes

My Name: ..... Date: .....

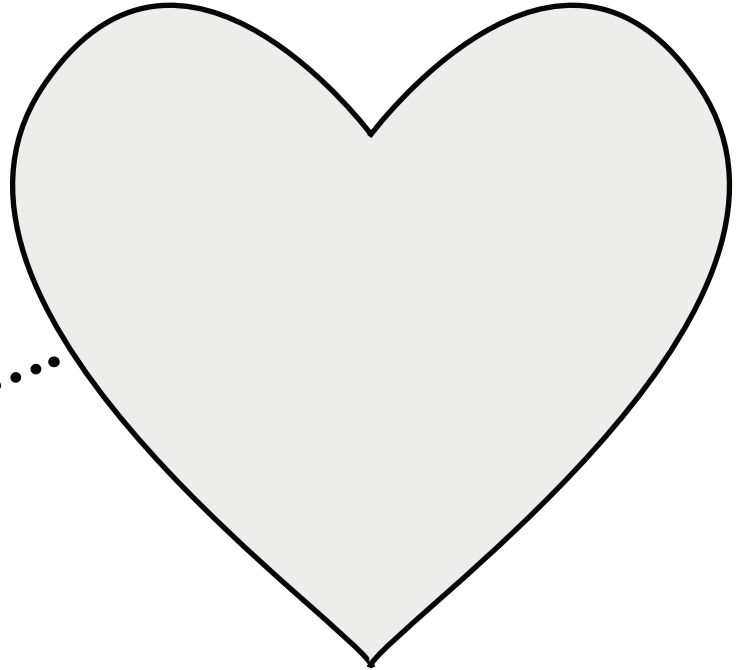

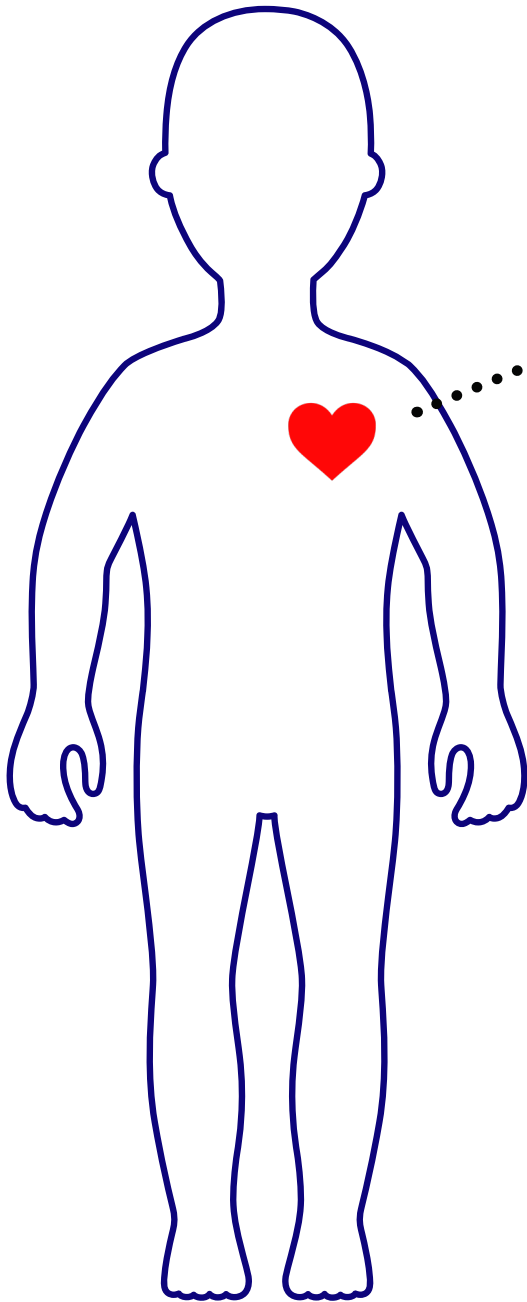

It is       today.

I heard:

## Draw you!

Your dark hair or blue eyes or strong legs or button nose make you you! The bible says that God knows how many hairs are on your head! Your thoughts and feelings and how you treat others and the world are also you but on the inside!

## Parent-Chat

Today's sermon has a lot of big thoughts for little ones! We don't want to shelter our kids from the truth but we do want to protect them from fear or anxiety that comes from knowing too much without the developmental skills to process and understand the knowledge. The easiest way to not give them too much that they aren't ready for is to ask open ended questions and find out what they know and understand, then guide their understanding onto the right path for the future. Like building a tower - the foundation matters! Today's foundation is that God's love for people is SO BIG that he wants to be with them forever.

# Word-Shapes!

Can you make these words fit into their shape boxes?

am and the life who believes will live

I   the resurrection

. Anyone

in me

John 11:25

# Colour me!
