Kahoot!

We're back this week, try it out, read it carefully, watch for double points and try to get on the leaderboard!! You can launch the Kahoot after the announcements.

Game PIN 03590748

What can we learn from the fairytale about the ugly duckling?

Big-word alert!

Differentiate - it's not as tricky as it sounds! It means understanding or making clear the differences. God made the water different from the sky, he made us different from animals, he made men and women different from each other and he made one tree different from the others.

Fill in the blanks from the word bank:
live, reinforced, forgiveness, removed, exclude, boundary

Being in Christ (a follower of Jesus) means some boundaries get _____ and some boundaries get _____.

Before Jesus came everyone had to GO somewhere to worship! But now Christians can worship anywhere! This is an example of a _____ being removed by Jesus!

Jesus also changed people's ideas of _____. There is no longer a boundary for how much forgiveness we should give to others.

Jesus came to make the world whole again and smash down the reasons we find to separate each other! Jesus came to INCLUDE and not to _____.

The character of Christ (Jesus) set boundaries for how we _____.

Think-about-it!

Do you have a fence in your backyard? What about at school? At the park? When there's no fence do you still know where you're supposed to go or not go? Some boundaries we can see and some we can't. Can you eat 1 slice of pizza? 2? 3? 9? There's a boundary because at some point you'd feel sick right?

What happens when you decided to follow Jesus and get baptized?

Pray-about-it!

Dear Jesus, thank you for taking away boundaries about where we can worship and who we can be friends with! Help me to see where I can be more like you and give up or nail down something that is going past the boundary you have set for me. Amen.
