Parent chat!

Concepts of this Justice series might be harder for little ones to grasp. We're here for you! Send us BIG questions from little hearts and we can help you out with some age appropriate language. Use the images on this page to talk about growing into justice-bringers! Just as plants need water and sunlight etc, we need to understand shalom, God's character and design. Learn some new words along with your little one today:)

Can you put these in the right order?
