Series Title: _____ **Speaker today:** _____

Happy-New-Year!

We look back and we look forward!

1 good thing about 2021

1 thing I want to leave behind

1 thing I'm looking forward to in 2022

1 thing I'm unsure about

Draw-it!

What do you think of when someone says treasure? What should the thing that's holding the treasure look like?

Jars of Clay!

The bible was written a long time ago - we need to understand the people and time so we can understand it! Jars of Clay were plain everyday ordinary items that people used for everything! When you hear jars of clay today - think cardboard box - lots of uses, not fancy, unexpected place to put treasure!

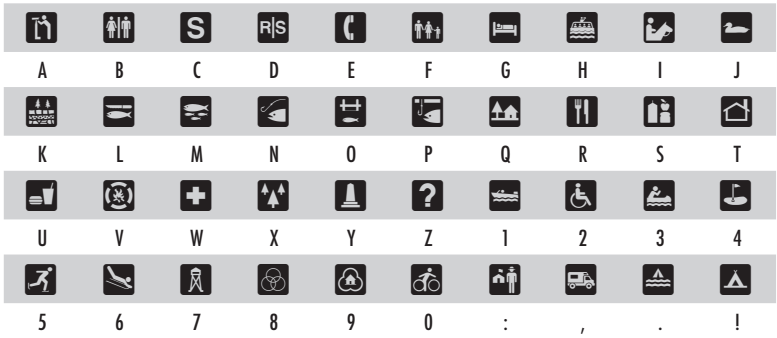
It's metaphor time!

A metaphor is when two things that aren't actually the same are compared so that you can understand the symbolism or what they have in common. "It's raining cats and dogs" sounds like a whole lot of noisy rain doesn't it!?!?! The bible uses metaphors to help us understand BIG ideas about God and the world. Jesus used metaphors! Pastors do it too!

Three metaphors I heard today:

-
-
-

Decode!



2 Corinthians 4:18
