Date:

Series Title: _____

Speaker today: _____

Draw-it!

Right now it's like we're on a bridge - the in between space from what the world was like before Covid and what the world will be like after! What kind of bridge do you feel you are on?

Think-about-it!

What does **tending to purpose** mean? You've probably heard the word tending before when someone was talking about farming! We might not know what the future holds but we can be good farmers right now! We can plant good seeds and make sure the ground is soft and has all the nutrients. Tending to purpose at church today means we're talking and thinking about God's purpose for our church! We know that God is good and never changes!

Word-alert!

Theology is from two greek words!

_____ + _____

= a word about God

Two ways Cornerstone is matching up with the bible (thinking theologically)

1. Intentional Intercultural Ministry - we all look different and come from different places because that's how God's family looks!

What would we miss if we were all the same?

2. A Community Centre Style Facility - our church is for the community - to reach people for Jesus!

What makes Cornerstone look like a community centre?

Thinking Theologically

means we want the way we think about things to match up with God's word - the bible!
