

It is       today.

I heard:

Check-it-out!

Ooooo let's do some science! Find some coloured glass or plastic to look through. Look at items around your house or outside and marvel at how the colours change when you look through the glass. Our eyes are just one way we see and understand the world! Glasses can change how we see things! The way we think also changes how we understand things. We want to understand things more like Jesus does! We want to "see" stuff with our bible knowledge glasses on! You can look at these fruits and discuss what you see!

Trace it!

I can love Jesus
with my thinking tool!
