How would you feel if you were Esther?

What did Esther do first when faced with trouble?

Name two "coincidences" that were actually God working out His plan!

What can we learn from Esther's story?

Watch-out-word!

Psssttt Irony is a super tricky idea. Ask your parents what it means later and see how they do!!! For now let's say irony is when the actual meaning or ending is opposite to what it should have meant or how you thought it would go. What was ironic in this story?

Make-it-and-take-it!

Colour these characters from today's story, then take them home and attach them to popscicle sticks, straws or even pencils! Use these puppets to act out what you learned today!
