Pastor Steve did what?!?!

## Draw it!

Imagine this story in your head - then draw it here!

## Serious-stuff!

In Bible times “stoning” someone meant that a crowd would throw rocks at the person as a punishment for their crime. Enough people and enough rocks would cause the person to die. This was definitely terrible. Jesus saved the woman from this - but not with a shield or fighting off the crowd or even a BIG speech. What’s the first thing he did?

What's the most awkward situation you've ever been in? Have you ever been publicly embarrassed or had everyone staring at you? How did it feel?

## Don't throw rocks!

I know you're not throwing REAL rocks! How do we sometimes treat people like we are better than them? Or they aren't as good as us?

## Can you read this?

Jesus' teaching then and now was totally upside down or opposite to many people. It takes practice for us to be like Jesus!

Love is the opposite of judgment and Jesus calls us to love like he does!

## Try it!

Don't cheat by turning your page! Which one was easier?
