Check-List!

We're making a check list for church by looking at the first church in Acts!

Etymology-what?

Etymology is the study of words and where they came from! You might hear the phrase **corporate worship** today. Wait are we worshiping in a board room with people in suits? What's a corporation? Like a company? The latin word corpor means body! So a body of people is a corporation and corporate worship is when we worship together - as one body! Which is pretty cool!

The 3-P's of thriving worship:

There's _____
flowing out of a vibrant
relationship with God

We re-align the way we think,
feel and act in God's

God's _____ give and
receive practical love

Imagine!

Pretend you're having a big party next Sunday, you want the guest of honour to feel really special. You need to think about your decorations, the other people coming, the atmosphere, the food, the schedule of events, what to wear or maybe tidy up a bit too! There's a lot of things to think about.

What would you think about first?

What would be last minute?

What are you most likely to forget?

Today Pastor Andrew encouraged us to think about worship as an everyday thing! We are getting ready for the BIG thing when we get to worship together as a church family on Sundays - Corporate worship - as one body.

What will you do this week to get ready?
