## Happy-New-Year!

We look back and we look forward!

**1 good thing about 2022**

**1 thing I want to leave behind**

**1 thing I'm looking forward to in 2023**

**1 thing I'm unsure about**

## It's-metaphor-time!

A metaphor is when two things that aren't actually the same are compared so that you can understand the symbolism or what they have in common. "It's raining cats and dogs" sounds like a whole lot of noisy rain doesn't it!?!?! The bible uses metaphors to help us understand BIG ideas about God and the world. Jesus used metaphors! Pastors do it too!

**What metaphor did we learn today? Explain it!**
