My Sermon Notes

Name:	•••••
Date:	

Series Title:	Speaker today:
Draw-it/_	
	Draw Peter and John getting arrested OR Pentecost OR a time when you prayed about something

-Math-it!-

Sometimes numbers can tell us something about what is happening. These numbers are called statistics! Can you help make these numbers make sense?

In 2018, 46 out of 100 people prayed at least once a month. In 2022, 36 people out of 100 prayed at least once a month. This tell us that if you have a group of 100 people, 10 people stopped praying over the last 4 years :(

If you have a group of 800 people, how many people are praying? How many aren't?

-Word-Search!-
