Listen-up!

A testimony is someone's story of what God has done in their life. Write down something you want to remember today.

Something I learned from
Pastor Andrew today:

Questions I have for later:

Baptism!

Remember what happened at Easter? When Jesus beat death and was resurrected - he "rose from the grave"? Jesus came so that we could have a new life and freedom from death. Baptism is a symbol of the dying part (going under the water) and being raised from death (coming up out of the water). Just like we all know a green light is a symbol to remind us it's our turn to GO! People choose to get baptized as a symbol; reminding us of what Jesus did and how they are now living their lives for him!

Further my brothers

and sisters,

Rejoice

in the Lord!

It is no trouble
for me to write
the same things to you
again, and it is a safeguard
for you. PHILIPPIANS 3:1
