Sermon Series

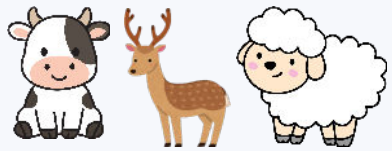

Hospitality: Making Space For the Stranger
Today's lesson: Hospitality across differences

DID YOU KNOW? In Bible times, many animals were considered unclean and people were not allowed to eat them.

Clean Land Animals:
Must have split hooves (hooves divided into two parts) AND chew the cud (bring up food from their stomach to chew it again).
Unclean: Have only one of these features, or neither.

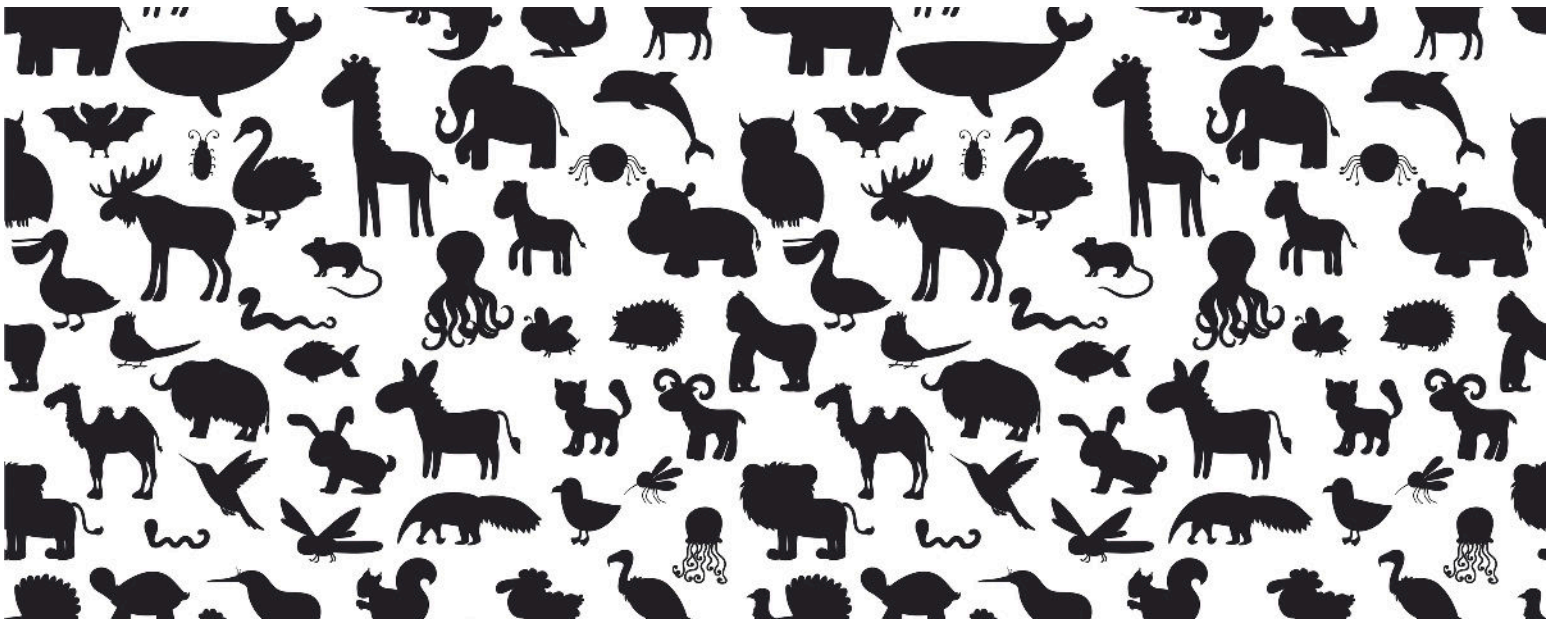

Clean Sea Creatures:
Must have both fins and scales.
Unclean: Missing fins, scales, or both.

Clean Birds: Mostly grain-eating or peaceful birds.
Unclean: Mostly birds of prey or scavenger birds that eat meat.

Clean	Unclean
	
	
	

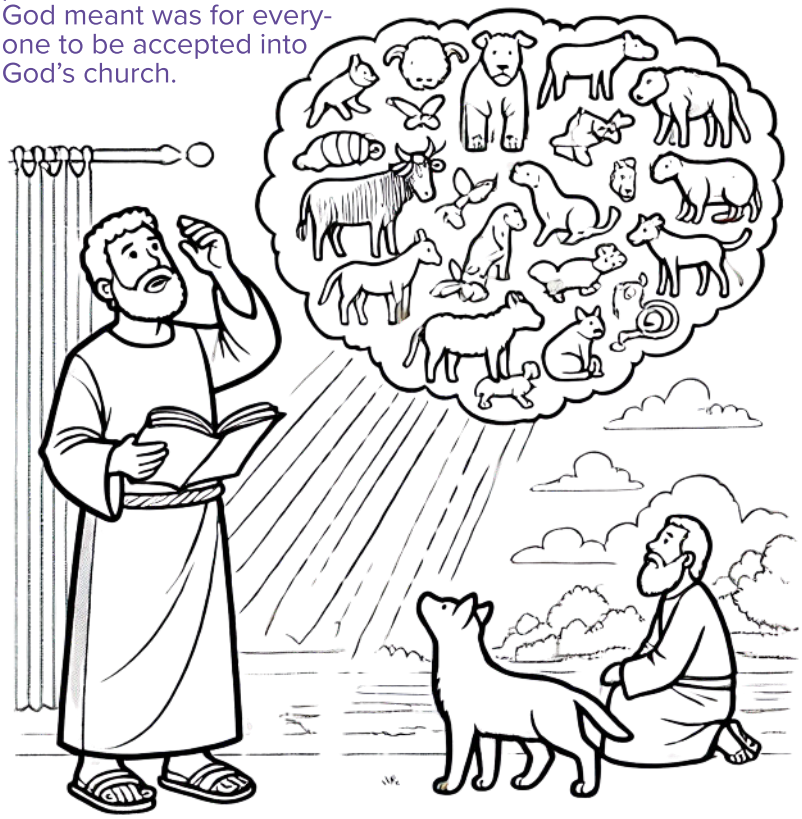

Find it:

Based on the table, circle the clean animals.

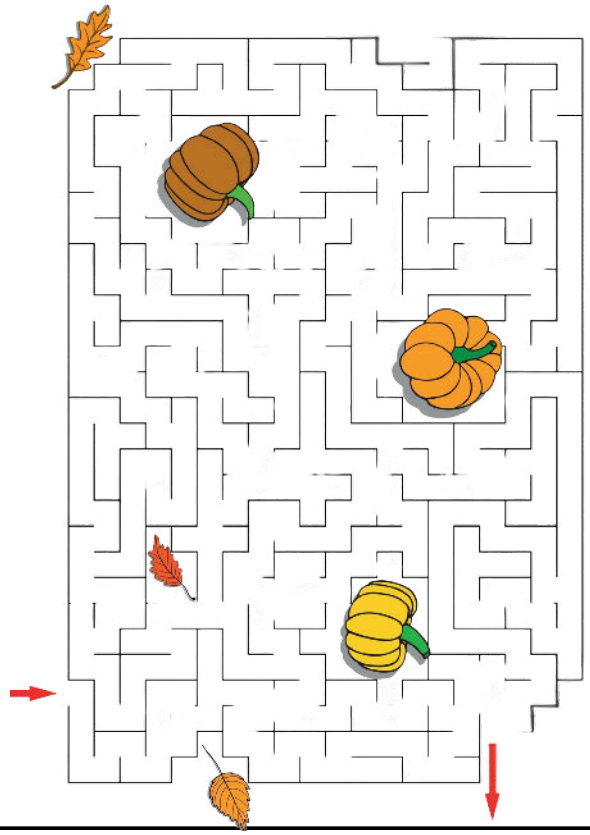

Colour It!

Peter had a vision of a sheet filled with unclean animals, symbolizing that the gospel was for all people. He then preached to Cornelius, a Gentile, who became a believer. What God meant was for everyone to be accepted into God's church.

Trace and think!

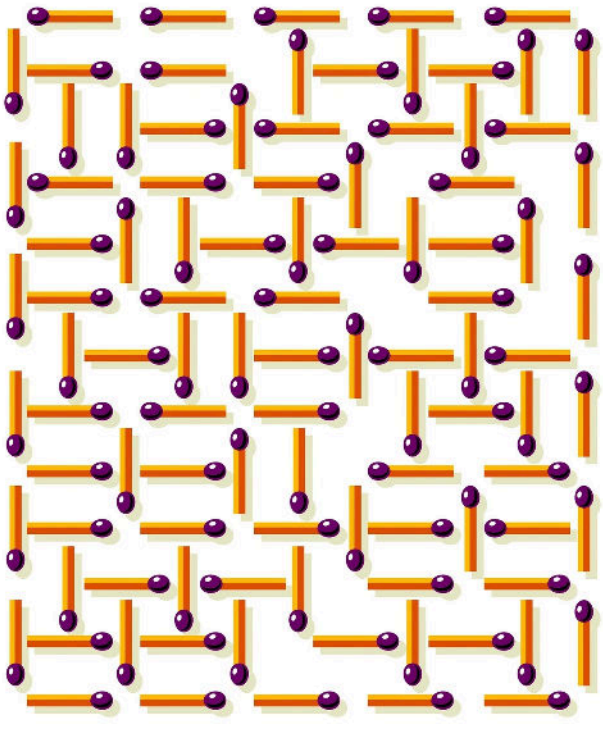

Since this is thanksgiving weekend, as you complete this maze, thank God for the different people he has put in your life.

Challenge 1:

Can you find 5 sets of matchsticks that match the example?

Challenge 2:

Find 3 things that the people getting baptized have in common. Find 3 things that are different about them.

Let's Pray

God, we want to lift up these people who are getting baptized and thank you for accepting everyone into your church! Amen!
